

Italian Wine Atelier

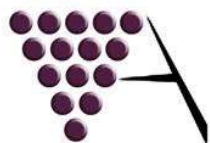

Customize your wine business

Italian Wine Atelier is a dynamic trading & marketing wine company established by a team of highly experienced professionals, formed after identifying a need in the main wine consuming countries for wines recalling the origin and tradition of the handcrafted making of wine.

Italian Wine Atelier

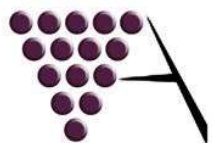

About us

Customize your wine business

Working with carefully chosen Italian producers, we aim to sell a whole range of wines to markets all over the world, whether focused on specific demand, including packaging customization or ready for use.

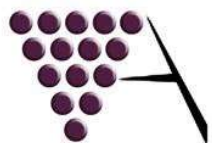

Italian Wine Atelier

Customize your wine business

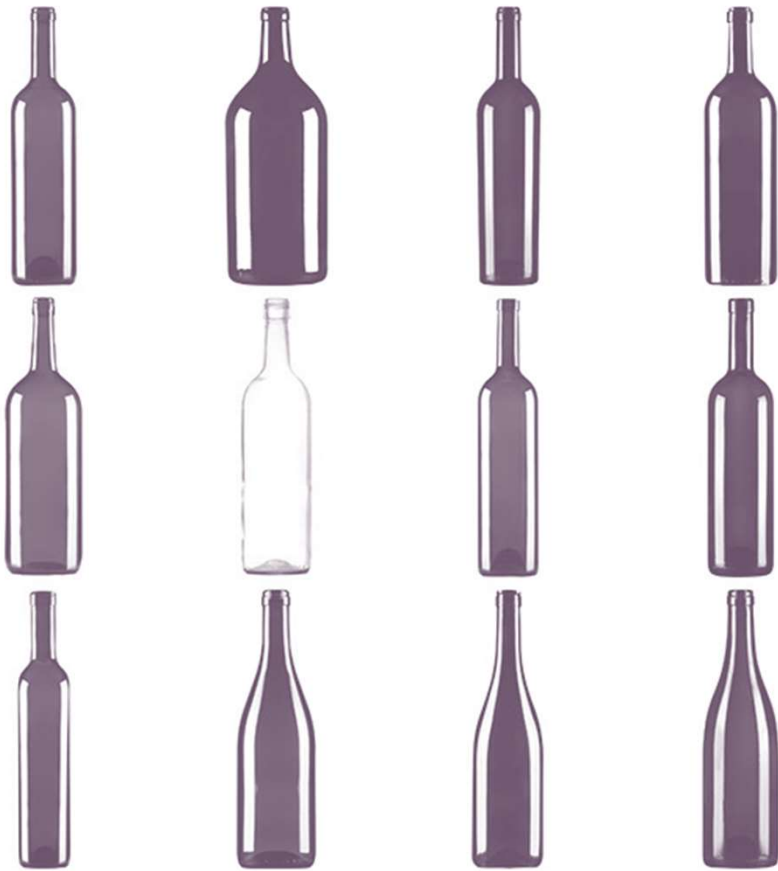

We match our experience and understanding of the market, aiming to offer diversity, value and individual style through our skilled partners from different Italian regions, therefore our wines are specifically selected to meet the needs and demands of the key sales sectors.

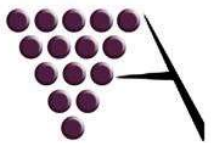

Italian Wine Atelier

Customize your wine business

With this in mind, we also create new packaging for clients' private label and develop our own brands on a range of both organic and conventional wines.

Our services

TAILOR MADE – We create and supply new labels projects for clients' own brands and develop distinct, high quality packaging for our customers' ranges.

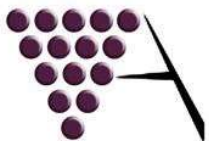

Italian Wine Atelier

Customize your wine business

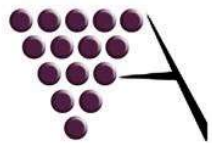

As a vertically integrated business, IW Atelier focuses on some different and complementary activities: grape growing and sourcing, winemaking and brand-led marketing. We build our brands through marketing that is disciplined, innovative and truly connected with consumers, we distribute our products on wide world basis and tailor our route-to-market model by country to comply with any single regional opportunities.

Italian Wine Atelier

PRÊT-À-PORTER – Italian Wine Atelier recognises that our future is reliant on sustainable human communities. That is why we source wines throughout our suppliers, giving any priority to artisan producers, which craftsmanship and passion take on end user guarantee of quality. We sustain the small communities which weak sale force needs to be supported on export trading through our showcase for the *Made in Italy* art of making wine.

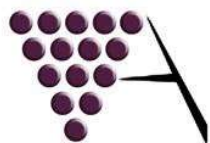

Customize your wine business

Our wines

We can supply a whole range of wines from different Italian regions, from entry level to premium quality, thanks to the partnership with wineries and producers directly.

Italian Wine Atelier provides customer with any detailed product information as well as technical sheets and samples.
