

BALLS® isn't your run-of-the-mill snack; it's fine finger-food for fun times. Commonly known as 'arancini' (aran-chee-ni) to the natives of Italy, these bites traditionally consist of a ball of rice (risotto) mixed with tomato sauce and eggs. We've taken it a few steps further by incorporating premium ingredients and some special spices to really pack a flavour punch.

The BALLS® brand started out on the streets of Dubai in 2016, selling a cooked range of 14 premium flavours out of a refurbished vintage Airstream trailer. The word spread and the popularity of the product grew as a result of the food truck events we participated in, our impactful branding and memorable marketing campaigns that turned customers into fans.

BALLS® has moved from the street to the supermarket with a selection of the most popular flavours now available in an affordable frozen pack, for anyone who prefers to munch on something special in the comfort of their home, any day of the week. These savoury treats are perfect for the office, school lunches or any social occasion.

## WHAT'S SO GREAT ABOUT BALLS®?

- ✓ Made in Italy
- ✓ ISO 22000:2005 / IFS & BRC certified
- ✓ Quick frozen with 18 months shelf-life
